*Member at Large*

**John Trottier, P. Eng.**  
*Member at Large*

**Dennis Miller, R.P.T.**  
*Member at Large*

**BRANCH ACTIVITY REPORT TO COUNCIL**

**June 2008**

APEGGA High School Teacher Award:

The winner for southwest Alberta was Joe Paulson, Cardston High School. Mr. Paulson is retiring this year and Principal George Toone knows how much the award will mean to Joe and the school community. Mr. Toone expressed his thanks and appreciation to the judging panel. The award was presented, as a surprise, at the school's grad ceremony and awards night on June 5.

Upcoming Activities:

Suggestions for future topics included water issues in Southern Alberta, environmental related topics, mining, city planning, and the 100th Anniversary of the CP Rail Bridge. Plant tours such as Lays, McCain and Black Velvet Distillery were also suggested. A Branch family barbeque is being planned for September 2008.

**100<sup>th</sup> Anniversary of the Lethbridge CP Rail Bridge**

**2009 is the 100<sup>th</sup> anniversary of Lethbridge's railway bridge, our most notable (only?) landmark. As a true engineering achievement, it had a stamp issued in its honour. The local branch, and perhaps APEGGA as an organization, is looking at ways to commemorate this historic milestone. What suggestions do you have?**

Branch Budget

The Branch audited financial statements for 2007 have been forwarded to APEGGA Head Office.

Other Business

- The next APEGGA Branch Chair meeting will be on June 18 in Edmonton. Len Ring will attend.
