**Lakeland Branch**  
**Wayne Manning, E.I.T.**  
**Chair**

---

## **BRANCH ACTIVITY REPORT, April 2007**

---

### **BRANCH ACTIVITIES**

- Branch held one executive meeting.
- The branch executive discussed ways to improve the annual President's Visit and AGM. It was decided that the branch will seek input from APEGGA head office. Email was sent to Neil Windsor, P.Eng. on April 11<sup>th</sup>, 2007 explaining our situation and soliciting his advice.
- The spring PD event has been decided (see Upcoming Events). It was decided that due to the unique nature of Cold Lake, in that some military engineers do not have membership with APEGGA, the branch executive will look at possibly advertising the event in the local newspapers.
- Effective April 4<sup>th</sup>, 2007, Natalie Adam has elected to step down as branch chair. With her departure, Natalie has passed the position of branch chair to Wayne Manning. It has been decided that the position of vice-chair will remain vacated until the 2008 AGM, unless an APEGGA member approaches the branch executive expressing interest in filling the position. The remaining branch executive will remain as is.

### **BRANCH BUDGET**

The branch is financially sound.

### **UPCOMING EVENTS**

- APEGGA/ASET seventh annual APEGGA/ASET Lakeland Golf Tournament on June 23, 2007
- Spring PD event will be held on May 16<sup>th</sup>, 2007. The topic will be on Imperial Oil Resources' LASER pilot program. The presenter will be Roland P. Leaute, Research Advisor – Oil Sands Development & Research, Imperial Oil Resources.
