BRANCH ACTIVITY REPORT,

Dec 06, 2006

BRANCH ACTIVITIES

Science Night

The Peace River branch held a successful science night at the Swanavon Elementary School in Grande Prairie. The event immersed children and their parents in science activities throughout the evening. The event had an excellent turnout of approximately 250 children and parents.

Grande Prairie Geology Presentations

Sheldon Graber gave geology presentations to over 150 kids at Avondale, St. Gerard and Swanavon schools. Sheldon talked to young children about rocks and minerals, where oil and gas is found and used cake to describe how to drill for oil. These presentations were part of a Propipe challenge, awarding a scholarship to a school that studies the oil and gas industry.

Cosmos Bowling and Pizza Night- Volunteer recognition

The Peace River branch held a volunteer recognition at the Westlane Ten Pin Bowling Center inviting volunteers from previous APEGGA events to bring their families to a free bowling and pizza night. The turn out was poor, 35 were expected, but only 11 showed up (6 adults and 5 kids).

Professional Development Day (PD-Day)

A professional development day was held in Grande Prairie at the Centre 2000 Tourism and Trade Centre, Roger Morrison, P.Eng, a Chief Technology Officer of the Afinitus Group LLC, provided an informative Theory of Constraints approach to project management, change management, Business Process Engineering and the Analysis of Management Systems. ASET members also attended the Seminar.

Student Night

Six recent Engineering graduates and 2 retired professionals shared tips on how to be successful at Universities and beyond in the field of Engineering. They also suggested to 24 GPRC engineering students, how to select best engineering discipline for each individual depending on his/her aptitude and likings.
