Rock Solid Fun at the APEGGA Rock & Fossil Clinic

Canmore – As part of National Science and Technology Week celebrations, The Association of Professional Engineers, Geologists and Geophysicists of Alberta (APEGGA) is holding its annual Rock & Fossil Clinic in Canmore on Saturday, October 17. The public is invited to bring in found rocks and fossils for identification by professional geoscientists and university geoscience students. The clinic will also provide the opportunity to participate in geoscience workshops and to hear Professional Geologist Bill Ayrton speak on “Mountains, rocks and oil and gas”.

Who: Everyone

What: **APEGGA Rock & Fossil Clinic.** Professional geoscientists and university geoscience students will be on hand to identify rocks and fossils brought in by the public, who can also participate in geoscience workshops and hear guest speaker Bill Ayrton, P.Geol. Admission to the clinic is free. This event will provide numerous photo opportunities with children and adults.

When: Saturday, October 17, 2009
10:00 a.m. – 3:00 p.m.
1:00 p.m. – 2:00 p.m. - guest speaker

Where: Canmore Museum and Geoscience Centre
Canmore Civic Centre
902B - 7 Avenue

Why: To celebrate National Science and Technology Week, October 16-25, with a fun, family event

Established in 1920, APEGGA is responsible for regulating the practices of engineering, geology and geophysics in the province of Alberta. The association's 56,000 members play a significant role in every segment of the economy, and their technical and management expertise ensure Alberta remains at the forefront of technological innovation.
