Speaker: APEGGA President Jim Beckett, P.Eng.

We need to engage each other in the engineering and geoscience professions in a discussion about Members' engagement with their self-regulating professional Association and in so doing reflect upon the question – Why APEGGA? As part of the discussion, APEGGA President Jim Beckett, P.Eng., will address the role of a self-regulating professional Association in the 21st Century, the implementation of the One Act, Two Associations regulatory model with ASET and some thoughts on how we as professionals contribute to the engineering of an engineer or the formation of a geoscientist.

To ensure adequate seating please preregister with the Calgary APEGGA Office at 262-7714 or register online at www.apegga.org under Fast Find; Branch Events Registration, prior to Thursday, February 18, 2010. Calgary Branch accepts Visa, MasterCard, or American Express.
