## **Engineering and Geoscience Excellence Recognized with APEGGA Summit Awards®**

**Edmonton** – Hundreds of individuals in the engineering and geoscience communities honoured their peers at the 2010 Summit Awards® Gala, Thursday, April 15<sup>th</sup> at the Shaw Conference Centre, Edmonton. The event, hosted by The Association of Professional Engineers, Geologists and Geophysicists of Alberta (APEGGA), acknowledges outstanding individuals for their accomplishments in engineering, geology and geophysics.

Now in its 20<sup>th</sup> year, the Summit Awards® recognize excellence across a broad range of engineering and geoscience endeavors and salute the efforts of these professionals as they work to ensure public safety and well-being. Summit Award® recipients are leaders who have a significant positive impact upon Alberta.

Eleven awards were presented this year celebrating environmental sustainability, community service mentorship early accomplishment, technical and educational achievement, service to the professions, distinguished service to the association and superior leadership.

Celebrating its 90<sup>th</sup> anniversary, APEGGA is responsible for regulating the practices of engineering, geology and geophysics in the province of Alberta. The association's more than 57,000 members play a significant role in every segment of the economy, and their technical and management expertise ensure Alberta remains at the forefront of technological innovation.
