

Oil and Gas Reserve

Perception Survey

BACKGROUND

Size/Type of organization you work for:						
0 - 10 kboe/d	boe/d 10 - 100 l		kboe/d		100 kboe/d+	
Consulting Company	0	ther				
Approximate number of reservoir engineering and geoscience staff in the organization:						
0 - 5	5 - 10		10 - 25	25 - 50		50+
Number of years of experience you have in oil and gas reserves:						
0 - 5 years	5 - 10 years		10 - 15 years	15 - 20 years		20+ years
Your current role in your organization:						
Professional	Management					

Please answer each of the questions based on your experience.

1) Reserve assessment work should be considered professional work (i.e. engineering, geology or geophysics).						
Strongly Agree	Agree	Disagree	Strongly Disagree			
2) If you complete reserve assessments, you always apply your professional stamp to the final report.						
Never	Occasionally	Frequently	Most of the Time			
3) Your organization always applies its permit number to your assessments.						
Never	Occasionally	Frequently	Most of the Time			
4) Your organization allocates	adequate time and resources for	completing reserve ass	essments.			
Strongly Agree	Agree	Disagree	Strongly Disagree			
5) Reserve definitions and reserve evaluation standards are well understood within the oil and gas industry.						
Strongly Agree	Agree	Disagree	Strongly Disagree			
6) Reserve definitions and reserve evaluation standards are well understood within your organization.						
Strongly Agree	Agree	Disagree	Strongly Disagree			
7) Your organization follows a set of defined guidelines when completing reserve assessments/reporting.						
Strongly Agree	Agree	Disagree	Strongly Disagree			
8) Third party evaluations of an organization's reserve volumes have more integrity than ones performed by qualifed organization personnel.						
Strongly Agree	Agree	Disagree	Strongly Disagree			

formation?	reserve assessments are com
