

Volunteers Urgently Needed

Professional Engineers, Geologists and Geophysicists

Calgary Spring Graduating Students Workshop

When: Saturday, March 7, 2009

Where: Calgary Telus Convention Centre
136 8 Avenue SE

Time: 8:30 a.m. – Noon

Lunch: Noon – 1:15 p.m.

This morning's workshop is for new graduates in Engineering, Geology and Geophysics at the University of Calgary. Graduates interact with Practicing Professional Members in small groups who evaluate case studies on registration, compliance, ethics and investigative issues intended to demonstrate the importance of ethical considerations in the practice of the professions.

To make the day a success approximately 80 practicing professional members are needed to assist. Professionals participating in the Ring Ceremonies are also invited to attend the workshop.

The workshop is held in conjunction with the Ring Ceremonies: The Ritual of the Calling of an Engineer also known as the Camp 18 Spring Iron Ring Ceremony and the Earth Ring Ceremony both being held at 1:30 p.m.

APEGGA is pleased to host the luncheon for those who assist at the workshop.

If you are a Professional Member and can assist with this event, please contact Kate Handford at khandford@apegga.org or 403-262-7714. Graduating students participating in the Ring Ceremonies will sign up for the workshop at the U of C the same time as signing up to participate in the Ceremonies.
