FOUNDATION

**SPECIAL
INSERT**

Fall 1999

APEGGA Education Foundation President Harry Moore, P.Eng., (left) receives a cheque for \$50,000 on behalf of the foundation from APEGGA President Darrel Danyuk, P.Eng. The cheque presented on Oct. 20, represents the Association's millennium project. Proceeds will be used to provide post-secondary scholarships for children of APEGGA Members.

APEGGA Education Foundation Board of Directors Back Row: (left to right) John Wood, P.Eng.; Dennis Brooks, P.Eng., P.Geoph.; Tony Howard, P.Eng.; Chan Wirasinghe, P.Eng., PhD; Chrys. Dmytruk, P.Eng. Front Row: (left to right) Ashok Sehgal, P.Eng. (Foundation Vice President); Harry Moore, P.Eng. (Foundation President); Kathy Sendall, P.Eng.

Message from the President to Members of APEGGA and Other Friends of the Foundation

Your foundation was created in 1996 to support the education of engineers, geologists and geophysicists and those who might enter these professions. The foundation is grateful to the Association of Alberta Professional Engineers, Geologists and Geophysicists of Alberta (APEGGA) which continues to provide funds for scholarships dispersed annually by the foundation. The foundation also acknowledges, with gratitude, the \$50,000 donation from APEGGA to mark the upcoming millennium. Since its inception, the foundation has received about \$27,000 from APEGGA members, corporate supporters and others. We thank all donors for their kind donations and recognize their contributions. The foundation also recognizes and thanks Fluor Daniel Canada Inc. which funded this special insert.

The objectives, membership and activities of the foundation are described in this publication. We encourage you to read them and see how you could contribute to the foundation's operations and success. Please call us to inquire how you can become a member of the foundation. We hope that the foundation, through generous support from members and business will be able to build a capital base which will permit an increase in funding of existing scholarships and awards and establish new ones. We all understand the need to support those striving for higher education to become contributing members of our society.

All of us were supported along the road to our individual success by teachers, colleagues and the encouragement and financial contributions of others. Thank you all for your generous donations and we look forward to your continued support.

Harry Moore, P.Eng.
Harry W. Moore, P.Eng., President
The APEGGA Education Foundation

For further information on the foundation, making donations or membership, please contact The APEGGA Education Foundation, 1500 Scotia One, 10060 Jasper Avenue, Edmonton, AB T5J 4A2; Telephone: 780-421-0557; Fax: 780-425-1722; e-mail: edfound@apegga.org

The APEGGA Education Foundation was established in 1996 as a registered charitable organization. One of its mandates is to support those activities of the Association of Professional Engineers, Geologists and Geophysicists of Alberta (APEGGA), which are aimed at enhancing the education and development of its members and potential members.

Academic fees have been increasing, placing additional burdens on the students in engineering, geology and geophysics. To support the furthering of education in these professions The APEGGA Education Foundation facilitates donation of funds for educational purposes from members, businesses and other interested parties. APEGGA currently provides about \$80,000 per year to the foundation for funding of the APEGGA scholarship and awards program. The foundation is separate and distinct from APEGGA. It is registered under the Societies Act (Alberta) and with Revenue Canada. The foundation is governed by a Board of Directors elected from its members.

Mission

To enhance and provide leadership and support in the education and development of engineers, geologists and geophysicists, and those who wish to enter the professions

Objectives

- The APEGGA Education Foundation:
- ◆ Encourages and assists educational institutions in defining the educational needs of the professions of engineering, geology and geophysics, and in developing and delivering educational programs
 - ◆ Encourages and assists students, teachers and educational institutions by providing financial assistance and/or awards
 - ◆ Encourages and assists with the interaction between industry and educational institutions at both a corporate and individual level
 - ◆ The APEGGA Education Foundation serves the professions of engineering, geology and geophysics by meeting these objectives through assembling and managing funds, building endowments, encouraging voluntary donations, distributing funds for scholarships and awards and support of special projects.

Activities

- The foundation solicits funds for the following activities:
- ◆ Funding the existing scholarship and awards program, and expanding and increasing the funding of these awards;
 - ◆ Furthering professional development of engineers, geologists and geophysicists;
 - ◆ Supporting Canadians pursuing careers in engineering, geology and geophysics;
 - ◆ Building an endowment fund;
 - ◆ Supporting projects and activities that foster an interest in science and technology; and
 - ◆ Enhancing the Professional Development Program.

Donations

Donations made to The APEGGA Education Foundation are income tax deductible (Reg. No. 88589-6696 RR001). Individuals and corporations are also encouraged to make "in memoriam" donations and bequests and to consider donations to the foundation in estate planning. Donations will be acknowledged and an income tax receipt provided. Special arrangements for larger bequests can also be made.

education in these professions The APEGGA Education Foundation facilitates donation of funds for educational purposes from members, businesses and other interested parties. APEGGA currently provides about \$80,000 per year to the foundation for funding of the APEGGA scholarship and awards program. The foundation is separate and distinct from APEGGA. It is registered under the Societies Act (Alberta) and with Revenue Canada. The foundation is governed by a Board of Directors elected from its members.

Membership

Membership in the APEGGA Education Foundation is open to individuals who are:

- ◆ over 18 years of age;
- ◆ residents of Alberta;
- ◆ recommended by the Council of the Association of Professional Engineers, Geologists and Geophysicists of Alberta; and
- ◆ who have received a favourable vote by a majority of members of the foundation.

The foundation currently has 20 members and is in the process of increasing its membership.

Scholarships

The APEGGA Education Foundation supports the following scholarships and awards.

University Entrance Scholarships (12) at the University of Alberta or the University of Calgary

Transfer Scholarships at the following community colleges:

- ◆ N.A.I.T.
- ◆ S.A.I.T.
- ◆ Keyano
- ◆ Grand Prairie
- ◆ Medicine Hat
- ◆ Mount Royal
- ◆ Red Deer
- ◆ Grant MacEwan Community
- ◆ Lethbridge

Undergraduate Scholarships at University of Alberta in

- ◆ Engineering
- ◆ Geology
- ◆ Geophysics

Undergraduate Scholarships at the University of Calgary in

- ◆ Engineering
- ◆ Geology
- ◆ Geophysics

APEGGA Gold Medals at University of Alberta (13) at University of Calgary (7)

Undergraduate/Graduate Scholarships – Alberta Research Council Prof. Staff Assoc. (1)

Graduate Scholarships – R.M. Hardy (2) at the University of Alberta or the University of Calgary

Education Scholarships (6) at Alberta universities.

Yes! You can count on my support of the APEGGA Education Foundation!

Enclosed is my donation of:

\$25.00 \$50.00 \$100.00 Other \$_____

Please contact me to discuss contribution through my will, insurance or trust

Please send my tax-deductible receipt to:

Name: _____
Address: _____
City/Prov: _____ Postal Code: _____
Telephone: _____

Please make your donation cheque payable to:
The APEGGA Education Foundation
1500 Scotia One, 10060 Jasper Avenue Edmonton, AB T5J 4A2

At Fluor Daniel we believe that education is the lifeblood of our profession.

We believe it is essential to seed the next generation of engineers by our active support of young students' endeavours, and to create, nurture and promote the right environment for life-long learning among all the members of our profession. In doing so we uphold the foundations on which our company was built: experience, strength, endurance, and never-ending learning.

The APEGGA Education Foundation gratefully acknowledges the following donors as of September 30, 1999.

Every effort was made to have a complete list. If we missed you, we apologize. Please let us know and we will publish your name next time.
