Professional Engineers, Geologists
and Geophysicists of Alberta

OLD TECHNICAL EXAMINATION ORDER FORM

1500 Scotia One, 10060 Jasper Avenue
Edmonton, Alberta T5J 4A2
Tel: (780) 426-3990 Fax: (780) 426-1877
1-800-661-7020

In order that an examination candidate may determine the general form of the examination, a copy of a paper written in previous years is available for most examinations. **Candidates should not rely too much on these papers. They are intended to be general guides only and do not necessarily reflect what the current exam will be like.** The Association reserves the right to alter the format and nature of the examination. For example, do not assume that because a previous exam was open book that the current exam will be open book. Candidates are tested on the content of the syllabus for the examinations assigned. Although the most recent paper is released for distribution, each paper is at least one year old. There is only one paper available for each examination; additional papers cannot be obtained from any source. The cost is \$5.00 per paper.

If you wish copies, carefully complete all information below and mail to the above address. Payment must accompany this order.
