APPLICATION FOR EDUCATION SCHOLARSHIP

APEGGA offers six scholarships to individuals who have achieved enrolment in one of Alberta's Universities. The scholarships will be awarded to students who will, in the next two (2) years, achieve a B.Ed. degree and who hold a B.Sc. degree. The B.Sc. degree must be in mathematics, physics, or chemistry, or an applied science degree in engineering, geology or geophysics. The program may take the form of a combined dual degree or subsequent degree. The \$2,000 scholarships for each of these two years are given to prospective teachers who, in the opinion of the interview panel, will "fire the imagination" of the student in mathematics, physics or chemistry. Applicants who are short listed will be asked to attend an interview in Calgary or Edmonton when they will be expected to make a 10 minute presentation on a topic of their choice.

The scholarships will be named in honour of the current year's Teacher Award winners who will be selected for teaching excellence in the field of mathematics and science.

The scholarship will be paid directly to the university upon confirmation of registration.

To Apply

1. Arrange for three letters of reference as per the form and the Guideline for Referees.
2. Arrange for university transcripts to be sent directly to APEGGA from each post secondary program taken.
3. Arrange for a letter from the university, verifying acceptance into the current year of your program.
4. Submit by July 15 the completed signed form (complete with references, university acceptance and detailed resume if appropriate) to APEGGA-Attention Education Scholarships. Selection will be completed by early September.

Please TYPE or PRINT, using black pen. Use additional sheets if necessary.

Name: M _____
Surname Given Names

Mailing Address: _____

Phone: Home: _____ Work: _____

Present Address: _____

Citizenship: _____ If not Canadian- Landed Immigrant: Yes No
